Escalation Analysis

Escalation Type: Fixed Percentage

Escalation Frequency: Annual

Escalation Clause: Base Rent shall increase on each anniversary of the Commencement Date by three percent (3%) of the Base Rent payable during the immediately preceding year.

Risk Assessment: A 3% annual escalation is slightly above market average for this area (typical range: 2-2.5%).

Total Effective Rent

Year 1: \$49.00/sq ft (\$32.50 Base + \$16.50 NNN)

Year 5: \$55.95/sq ft (\$37.65 Base + \$18.30 NNN)

Negotiation Recommendations

- Request a cap on CAM increases of 3-5% annually for controllable expenses
- Consider negotiating a lower escalation rate (2.5% instead of 3%)
- Request a right to audit NNN expenses
- Seek market data to verify if the base rent is competitive
